Should there be insufficient places to accommodate all applicants from a particular group on the ranked list; an independently monitored random selection will determine which applicants will be offered places.

Late Applications:

Late applications will only be considered when all applications received on time have been offered a place in accordance with the criteria for admission.

Full and complete Applications received after the due time and dates are ranked according to their time of receipt by the school and any vacancies that subsequently arise will be filled from this ranked list.

Placement on such a list does not guarantee a place in the school.

Special Needs:

The Board of Management welcomes students with special education needs unless the nature and degree of these needs is such that to enrol the student would be inconsistent with both the best interests of the student herself and the effective provision of education for the other students with whom the student concerned is to be educated.

Parents of students with special needs should inform the school as early as possible of the full details of her needs so that an application may be made to the Department of Education and Skills to have the resources necessary to meet the special needs of the student at the commencement of the school year. The Board of Management will do all that is reasonably possible to secure the resources to meet the needs of these students.

Procedure for Enrolment to Other Years

The normal point of entry to the school is First Year and admission to other years can only occur when there is a vacancy in the appropriate year groups/classes.

The school will not normally accept students into the final year of the Junior Certificate or the final year of the Leaving Certificate.

The Board of Management have as their first concern the welfare of those who are currently students of St. Mary's Secondary School. The school will only make an offer of a place in a year other than First Year after taking due cognisance of the best interests of those who are currently enrolled in the school.

All Post-Primary Schools in the local area operate under the Department of Education and Skills and have access to apply for the same supports and facilities. They are governed by the same legislation. Hence, only students with sound educational reasons for changing from their first choice of school will be considered.

The Board of Management will require full disclosure of information with supporting documentation where a student seeking to transfer from another school has been suspended or expelled. The Board will have to be satisfied that to admit such a student is not likely to undermine the *Characteristic Spirit* of the School or expose the Staff or Students to the risk of harm to their health and safety.

Students will normally only be accepted at the beginning of the school year other than in exceptional circumstances such as that of a family moving into the local area.

- I. An Application Form is available from the school. A full and complete application form along with copies of reports from her current school must be submitted to the school office. The reason for seeking the transfer must be given in full and in writing.
- II. The Principal will contact the Principal of the applicant's current school. No student will be admitted to a year other than First Year without being able to demonstrate acceptable standards of behaviour, attitude and educational competence in her current school.
- III. The Parent must make an appointment to meet the Principal and the student applicant must be present at that meeting.
- IV. All applicants and their Parents must sign a declaration that they have read, understand and accept the School's Code of Conduct before enrolment is completed.
- V. The decision on the appropriate class placement will be made by the Principal.

- I. Parents of applicants who are not offered a place in St. Mary's Secondary School may appeal the decision to the *Board of Management* in the first instance and subsequently, if necessary, to the *Department of Education and Skills*, in accordance with the *Education Act 1998* and the *Education Act (Welfare) 2000*.
